HOW TO USE THE CATALOG

The Entry-Level Driver Training Catalog is designed to help you find solutions by training need and provide information on where to find each title in the Training Library.

FINDING VIDEOS IN THE TRAINING LIBRARY

With the most recent Infitit-I Workforce Solutions system, the best way to find training content is under "Assignments" in the Infitit-I dashboard. Under Assignments, select "Library." In the Search field, enter a keyword for the subject you want to find. Courses will be divided up into different sections, which will allow you to further refine your search.

The screenshot shows the Infitit-I Search interface. At the top, there is a search bar with the text "seatbelt" entered. Below the search bar, there are checkboxes for "All", "Course Name", "Content Name", and "Content Desc". A "Search" button is located to the right of these checkboxes. Below the search bar, there are options for "Excel", "PDF", and "Print". The main content area displays a table of search results. The table has columns for "Course Name", "Library", and "Length (HH:MM:SS)". The results are as follows:

Course Name	Library	Length (HH:MM:SS)
CSA Minutes	CSA	00:18:57
CSA Reminders	CSA	00:18:14
Entry Level Driver Training - Trucking	COMPLIANCE	06:31:41
Safe Driving	GENERAL SAFETY	00:51:58

Below this table, there is another table with columns for "Select", "Content Name", "Type", "Length(HH:MM:SS)", and "Test / Answers". The results are as follows:

Select	Content Name	Type	Length(HH:MM:SS)	Test / Answers
View	Bridges and Overpasses	VIDEO	00:06:19	View
View	Driving in Extreme Weather Conditions	VIDEO	00:09:06	View
View	Driving Through Work Zones	VIDEO	00:04:32	View
View	Dump Truck Safety	VIDEO	00:10:30	View
View	Railroad Crossings	VIDEO	00:04:09	View

If you have any problems navigating the Catalog, please contact your client service representative at 877-792-3866, ext. 300.

CLASS
A
CONTENT

A1.1 BASIC OPERATION

A1.1.01a - Orientation

Length: 10:01

This video covers general orientation guidelines including such topics as safe driving, operating within the confines of state and federal law, and following FMCSA regulations.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.01b - FMCSR Ramifications

Length: 6:42

This video covers the disqualifications for major offenses, serious traffic violations, railroad-highway grade crossing offenses, and out-of-service offenses.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.01c - Disqualification of Drivers

Length: 1:00

If a CMV operator is disqualified, they must not drive a CMV. This tool covers disqualification sanctions, including a list of violations and how long a driver will be disqualified for each.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.02 - Control Systems/Dashboard

Length: 13:18

This video provides a detailed description of instruments, gauges, and controls found on the dashboard and in the cab of a typical large truck. Trainees will learn how to locate, understand, and use these tools as well as safety components available to them.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.03a - Pretrip Approach and Maintenance

Length: 7:15

Explains the importance of Pre-Trip Inspection and regular maintenance of the vehicle; describes common neglect of the vehicle, and points out how inspection and maintenance play an important role in the mechanics, compliance, and safety of the vehicle.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.03b - PreTrip Component Inspection

Length: 6:03

Drivers are walked through a multi-point inspection of the tractor hood-to-rear axle, so as to ensure a safe and trouble free trip.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.03c - Exterior Power Unit and Trailer Inspection

Length: 7:46

Discusses the importance and proper procedure for inspecting the exterior power unit and trailer before transit; demonstrates proper tread length and condition of tires; provides a checklist for inspection of the exterior power unit and trailer before transit, including proper signage and fire safety materials.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.03d - Cabin Interior - Pretrip Checklist

Length: 6:28

This video demonstrates how to properly inspect the cabin interior of the vehicle before transit; emphasizes the importance of interior maintenance and care.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.04a - Basic Control

Length: 9:01

This video demonstrates basic control techniques for a commercial motor vehicle. It details accelerating, steering, stopping, backing, turns, entering and exiting roadways, and handling your vehicle.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.04b - Changing Lanes

Length: 5:46

This video discusses the importance of executing a lane change correctly. It demonstrates the correct execution of a lane change and discusses the most common errors made while changing lanes.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.04c - Turning

Length: 5:49

This video discusses the fundamentals and best practice procedures involving single and multiple-lane turns in a CMV.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.04d - Fixed Object Collisions - High Speed

Length: 6:36

This video discusses the common causes and solutions for fixed object collisions that occur at high speeds.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.04e - Fixed Object Collisions - Low Speed

Length: 7:33

This video discusses the common causes and solutions for fixed object collisions that occur at low speeds.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.05 - Shifting/Operating Transmissions

Length: 8:52

In this unit trainees learn the function of and types of transmissions as well as proper shifting procedures.

ELDT - Class A

A1.1 Basic Operation

A1.1.06 - Backing and Docking

Length: 5:18

This video discusses simple steps to make backing a rig in tight corners easier and stresses the importance of paying attention to your surroundings while backing a commercial vehicle.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.07a - Coupling

Length: 5:40

This video discusses the proper procedures involved in coupling a trailer, including methods of approach, contact, and identification of parts and hazards.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.1.07b - Uncoupling

Length: 2:58

This video discusses the proper procedures involved in uncoupling a trailer, including the importance of solid ground, inspection, and personal safety.

Package: ELDT - Class A

Course: A1.1 Basic Operation

A1.2 SAFE OPERATING PROCEDURES

A1.2.01a - Visual Search

Length: 15:36

This video discusses the seven essentials for defensive driving. It provides several examples of how these essentials can be effectively used.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.01b - Seatbelts

Length: 5:06

This video discusses the regulations around seatbelt use in cmvs for both drivers and passengers. It also details the proper usage of a seatbelt.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.02 - Communication

Length: 8:34

This video provides instruction on communication with other road users. It discusses techniques for the proper use of headlights, turn signals, four-way flashers, and horns. It also discusses the utilization of eye contact techniques.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.03 - Distracted Driving

Length: 5:43

Do not use a cell phone or any electronic device while driving. Your career and your life, as well as the lives of others, are at risk. This video focuses on the use of hand held devices.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.04a - Speed Management - Part 1

Length: 2:22

This video discusses the main points behind speed and space management and what correct management can do to help be a safe driver.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.04b - Speed Management - Part 2

Length: 2:55

This video discusses the main points behind speed and space management and what correct management can do to help be a safe driver.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.05a - Space Management - Part 1

Length: 4:19

This video discusses the main points behind speed and space management and what correct management can do to help be a safe driver.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.05b - Space Management - Part 2

Length: 4:49

This video discusses the main points behind speed and space management and what correct management can do to help be a safe driver.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.05c - Space Management - Part 3

Length: 3:40

This video discusses the main points behind speed and space management and what correct management can do to help be a safe driver.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.06a - Night Operation - The Dangers of Night Driving

Length: 4:40

This video discusses the many dangers of driving during the nighttime hours.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.06b - Night Operation - Preparing for the Dark

Length: 6:01

This video discusses proper maintenance of your vehicle and your body specifically for nighttime driving.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.06c - Night Operation - Driving in the Dark

Length: 7:25

This video discusses the many situations you can encounter while driving at night and how to properly respond to them.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.06d - Night Operation - Fighting Fatigue

Length: 4:58

This video discusses how to properly fight nighttime fatigue while driving in the dark.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.2.07 - Extreme Driving Conditions

Length: 9:10

The following safety information will reinforce the safety practices you use to drive and work in extreme weather conditions. The primary point to emphasize as you drive through challenging weather conditions is to proceed slowly and cautiously. Lengthen your following distance so you have time and space to stop or maneuver your trucks.

Package: ELDT - Class A

Course: A1.2 Safe Operating Procedures

A1.3 ADVANCED OPERATING PRACTICES

A1.3.01a - Hazard Perception

Length: 10:48

Road hazards are a common occurrence, and it is important to stay vigilant to avoid the numerous hazards that can occur during your route. In this video you will learn the types of hazards that can occur and how best to prepare yourself appropriately.

Package: ELDT - Class A

Course: A1.3 Advanced Operating Practices

A1.3.01b - Driving Through Work Zones

Length: 5:28

This is an informative video that every driver should view. It covers work zone related accidents, the high number of accidents that occur yearly and how to avoid them.

Package: ELDT - Class A

Course: A1.3 Advanced Operating Practices

A1.3.02a - Skid Control/Recovery and Other Emergencies

Length: 10:22

This video serves as a guide to skid control and recovery, jackknifing, and other common emergencies. It discusses techniques for direction control, evasive steering, emergency braking, and off-road recovery.

Package: ELDT - Class A

Course: A1.3 Advanced Operating Practices

A1.3.02b - Jackknifing

Length: 4:45

Defines the scenario known as jackknifing; describes the physics of the event and describes the dangers of the event; describes and defines trailer pull; discusses the causes of both events and describes prevention techniques and emergency response techniques; defines anti-lock braking systems (ABS) and its role in each scenario.

Package: ELDT - Class A

Course: A1.3 Advanced Operating Practices

A1.3.02c - Rollovers

Length: 5:37

This video discusses the causes and best practices for prevention of a rollover event. It discusses cargo securement, load limit, and correct driving habits that all help prevent rollovers.

Package: ELDT - Class A

Course: A1.3 Advanced Operating Practices

A1.3.03 - Railroad-Highway Grade Crossings

Length: 4:15

This video explains proper procedures for crossing railroad crossings; demonstrates the importance of observing railroad crossings; emphasizes the dangers of ignoring railroad markings and of stopping on railroad tracks.

Package: ELDT - Class A

Course: A1.3 Advanced Operating Practices

A1.4 VEHICLE SYSTEMS AND REPORTING MALFUNCTIONS

A1.4.01 - Identification and Diagnosis of Malfunctions

Length: 12:04

This video covers the concepts of maintenance, diagnosing malfunctions, and the legal requirements for a roadworthy vehicle.

Package: ELDT - Class A

Course: A1.4 Vehicle Systems and Reporting Malfunctions

A1.4.02a - Roadside Inspections

Length: 6:24

This video discusses the proper conduct for a roadside inspection while touching on the types of materials a driver will need ready, including ELD information.

Package: ELDT - Class A

Course: A1.4 Vehicle Systems and Reporting Malfunctions

A1.4.02b - Out-of-Service

Length: 6:06

This video covers the definition of Out-of-Service, reasons why a driver or vehicle could be placed Out-of-Service, penalties for operating while Out-of-Service, and how to resolve being placed Out-of-Service.

Package: ELDT - Class A

Course: A1.4 Vehicle Systems and Reporting Malfunctions

A1.4.03 - Maintenance

Length: 7:33

This video provides guidance on performing preventative maintenance as well as basic servicing and checking procedures for various engine and vehicle components. It also discusses common simple repairs drivers should be equipped to handle.

Package: ELDT - Class A

Course: A1.4 Vehicle Systems and Reporting Malfunctions

A1.5 NON-DRIVING ACTIVITIES

A1.5.01a - Handling and Documenting Cargo

Length: 7:34

This video covers weight distribution, cargo securement, theft prevention, cargo covering, safe and efficient loading and unloading of cargo, and handling hazardous materials.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.01b - Cargo Securement

Length: 8:13

When moving cargo over the road it's important to ensure the safety of yourself, others, and the cargo itself. Improperly secured cargo can create various issues, so this video covers FMCSA regulations about cargo securement, your responsibilities, performance criteria, securement devices and requirements, and proper tie-down use.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.02 - Environmental Compliance Issues

Length: 6:34

This video reviews common environmental hazards related to CMV operation, the regulations that apply to environmental compliance, and specifically discusses, air and noise pollution, maintenance, and hazardous materials issues.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.03a - Hours of Service Requirements - Introduction

Length: 2:37

This video introduces and discusses who must comply with hours of service regulations.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.03b - Hours of Service Requirements - 14 Hour Window / 11 Hour Limit / 60-70 Hour Duty Limit

Length: 3:28

The three maximum duty limits under the hours of service regulations for commercial motor vehicle operators are discussed in detail.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.03c - Hours of Service Requirements - The Thirty Minute Break & 34 Hour Restart

Length: 2:07

The thirty-minute break and 34-hour restart rules of the hours of service regulations are explained.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.03d - Hours of Service Requirements - On-Duty Time / Travel Time / Off-Duty Time

Length: 3:36

This video details the differences between on-duty, off-duty, and travel time according to FMCSA hours of service regulations.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.03e - Hours of Service Requirements - The Sleeper Berth Provision

Length: 5:04

This video covers the nuances of using the sleeper berth to serve required hours off-duty while on the road.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.03f - Hours of Service Requirements - The Driver's Daily Log Book

Length: 4:06

Even if drivers utilize the updated ELD method of tracking hours of service, it's important for them to know how to fill out daily logs. Some circumstances may require it. So, this video covers the details on what a logbook looks like, what information it requires, how to record this information properly, as well as how long to keep logs and where.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.03g - Hours of Service Requirements - Electronic Logging Devices

Length: 4:25

This section of the hours of service training module teaches how ELDs work, who must use them, and why they are an improvement on how drivers track their hours.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.03h - Hours of Service Requirements - Exemptions/Exceptions

Length: 2:57

There are driving situations where hours of service may not apply or may function a little differently. In this final section of the HOS training module some of these exceptions and their corresponding rules are discussed.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.04a - Fatigue and Wellness Awareness

Length: 4:39

Getting proper rest is crucial to safety on the road. Part one of this training module covers the importance of sleep, details about having a sleep schedule, how health issues can affect fatigue levels, and the reality of what short-term fixes can really do for you.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.04b - Fatigue and Wellness Awareness

Length: 8:00

The human body operates on a regular 24 hour cycle of activity and rest (sleep) called circadian rhythm. When a person's normal schedule is altered due to shift changes or changing a set sleep/rest cycle, the result is a fatigued and sleepy driver. Part 2 covers changing sleep cycles and other causes that can lead to fatigue.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.05a - Post-Crash Procedures

Length: 9:07

This video teaches drivers the correct behaviors and responses to law enforcement individuals and others on scene when involved in an accident.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.05a - Triangle Placement

Length: 5:39

This video discusses the proper procedures for various triangle placement scenarios.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.06 - External Communications

Length: 10:01

This video will discuss the roadside vehicle inspection process, what to expect during this process, techniques for communicating with enforcement officials, and the impact of violating federal and state regulations on driver and motor carrier records.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.07a - Whistleblower Protection

Length: 7:15

This video give specific information and instructions regarding your rights as a whistleblower, the whistleblower laws enforced by OSHA, unfavorable personnel actions, filing a complaint, how OSHA determines retaliation has taken place, limited protection for employees who refuse to work, whistleblower protections in the transportation industry and protections for voicing environmental concerns.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.07b - Coercion

Length: 5:55

This video discusses the Driver Coercion Rule and how it applies to drivers. Know your rights and protect yourself.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.08 - Trip Planning

Length: 6:15

Route management and trip planning are essential for drivers who want to cut costs, improve customer service, increase business productivity, and increase safety.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.09 - Drugs/Alcohol

Length: 8:25

This video will cover basic rules on alcohol and controlled substances, types of required tests, access to records, and the consequences for operating a CMV under the influence.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.10a - Medical Requirements

Length: 4:09

This video discusses the specific requirements that must be met during a Department of Transportation CMV medical exam.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.10b - Persons Who Must Be Medically Examined and Certified

Length: 1:00

Certain medical factors may cause a persons disqualification from operating a CMV. This tool outlines these factors.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.10c - General Qualifications

Length: 1:00

The information contained in this material covers the qualifications to drive a commercial motor vehicle.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.10d - Physical Qualifications for Drivers

Length: 1:00

This tool provides details on persons who qualify for a medical examiners certificate by virtue of having obtained a medical variance from FMCSA in the form of an exemption letter or skill performance evaluation certificate.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

A1.5.10e - Alternative Physical Qualification Standards

Length: 1:00

A person who is not physically qualified to drive under 391.41(b)(1) or (b)(2) and who is otherwise qualified to drive a commercial motor vehicle, may drive a CMV if the Division Administrator, FMCSA, has granted a Skill Performance Evaluation (SPE) Certificate to that person. Included in this tool is the rules and regulations pertaining to this exception.

Package: ELDT - Class A

Course: A1.5 Non-Driving Activities

CLASS
B
CONTENT

B1.1 BASIC OPERATION

B1.1.01a - Orientation

Length: 10:01

This video covers general orientation guidelines including such topics as safe driving, operating within the confines of state and federal law, and following FMCSA regulations.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.01b - FMCSR Ramifications

Length: 6:42

This video covers the disqualifications for major offenses, serious traffic violations, railroad-highway grade crossing offenses, and out-of-service offenses.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.01c - Disqualification of Drivers

Length: 1:00

If a CMV operator is disqualified, they must not drive a CMV. This tool covers disqualification sanctions, including a list of violations and how long a driver will be disqualified for each.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.02 - Control Systems/Dashboard

Length: 13:18

This video provides a detailed description of instruments, gauges, and controls found on the dashboard and in the cab of a typical large truck. Trainees will learn how to locate, understand, and use these tools as well as safety components available to them.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.03a - Pretrip Approach and Maintenance

Length: 7:15

Explains the importance of Pre-Trip Inspection and regular maintenance of the vehicle; describes common neglect of the vehicle, and points out how inspection and maintenance play an important role in the mechanics, compliance, and safety of the vehicle.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.03b - PreTrip Component Inspection

Length: 6:03

Drivers are walked through a multi-point inspection of the tractor hood-to-rear axle, so as to ensure a safe and trouble free trip.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.03c - Exterior Power Unit and Trailer Inspection

Length: 7:46

Discusses the importance and proper procedure for inspecting the exterior power unit and trailer before transit; demonstrates proper tread length and condition of tires; provides a checklist for inspection of the exterior power unit and trailer before transit, including proper signage and fire safety materials.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.03d - Cabin Interior - Pretrip Checklist

Length: 6:28

This video demonstrates how to properly inspect the cabin interior of the vehicle before transit; emphasizes the importance of interior maintenance and care.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.04a - Basic Control

Length: 9:01

This video demonstrates basic control techniques for a commercial motor vehicle. It details accelerating, steering, stopping, backing, turns, entering and exiting roadways, and handling your vehicle.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.04b - Changing Lanes

Length: 5:46

This video discusses the importance of executing a lane change correctly. It demonstrates the correct execution of a lane change and discusses the most common errors made while changing lanes.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.04c - Turning

Length: 5:49

This video discusses the fundamentals and best practice procedures involving single and multiple-lane turns in a CMV.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.04d - Fixed Object Collisions - High Speed

Length: 6:36

This video discusses the common causes and solutions for fixed object collisions that occur at high speeds.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.04e - Fixed Object Collisions - Low Speed

Length: 7:33

This video discusses the common causes and solutions for fixed object collisions that occur at low speeds.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.05 - Shifting/Operating Transmissions

Length: 8:52

In this unit trainees learn the function of and types of transmissions as well as proper shifting procedures.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.1.06 - Backing and Docking

Length: 5:18

This video discusses simple steps to make backing a rig in tight corners easier and stresses the importance of paying attention to your surroundings while backing a commercial vehicle.

Package: ELDT - Class B

Course: B1.1 Basic Operation

B1.2 SAFE OPERATING PROCEDURES

B1.2.01a - Visual Search

Length: 15:36

This video discusses the seven essentials for defensive driving. It provides several examples of how these essentials can be effectively used.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2.01b - Seatbelts

Length: 5:06

This video discusses the regulations around seatbelt use in cmvs for both drivers and passengers. It also details the proper usage of a seatbelt.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2.02 - Communication

Length: 8:34

This video provides instruction on communication with other road users. It discusses techniques for the proper use of headlights, turn signals, four-way flashers, and horns. It also discusses the utilization of eye contact techniques.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2.03 - Distracted Driving

Length: 5:43

Do not use a cell phone or any electronic device while driving. Your career and your life, as well as the lives of others, are at risk. This video focuses on the use of hand held devices.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2.04a - Speed Management - Part 1

Length: 2:22

This video discusses the main points behind speed and space management and what correct management can do to help be a safe driver.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2 Safe Operating Procedures

B1.2.04b - Speed Management - Part 2

Length: 2:55

This video discusses the main points behind speed and space management and what correct management can do to help be a safe driver.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2.05a - Space Management - Part 1

Length: 4:19

This video discusses the main points behind speed and space management and what correct management can do to help be a safe driver.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2.05b - Space Management - Part 2

Length: 4:49

This video discusses the main points behind speed and space management and what correct management can do to help be a safe driver.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2.05c - Space Management - Part 3

Length: 3:40

This video discusses the main points behind speed and space management and what correct management can do to help be a safe driver.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2.06a - Night Operation - The Dangers of Night Driving

Length: 4:40

This video discusses the many dangers of driving during the nighttime hours.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2.06b - Night Operation - Preparing for the Dark

Length: 6:01

This video discusses proper maintenance of your vehicle and your body specifically for nighttime driving.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2.06c - Night Operation - Driving in the Dark

Length: 7:25

This video discusses the many situations you can encounter while driving at night and how to properly respond to them.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2.06d - Night Operation - Fighting Fatigue

Length: 4:58

This video discusses how to properly fight nighttime fatigue while driving in the dark.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.2.07 - Extreme Driving Conditions

Length: 9:10

The following safety information will reinforce the safety practices you use to drive and work in extreme weather conditions. The primary point to emphasize as you drive through challenging weather conditions is to proceed slowly and cautiously. Lengthen your following distance so you have time and space to stop or maneuver your trucks.

Package: ELDT - Class B

Course: B1.2 Safe Operating Procedures

B1.3 ADVANCED OPERATING PRACTICES

B1.3.01a - Hazard Perception

Length: 10:48

Road hazards are a common occurrence, and it is important to stay vigilant to avoid the numerous hazards that can occur during your route. In this video you will learn the types of hazards that can occur and how best to prepare yourself appropriately.

Package: ELDT - Class B

Course: B1.3 Advanced Operating Practices

B1.3.01b - Driving Through Work Zones

Length: 5:28

This is an informative video that every driver should view. It covers work zone related accidents, the high number of accidents that occur yearly and how to avoid them.

Package: ELDT - Class B

Course: B1.3 Advanced Operating Practices

B1.3.02a - Skid Control/Recovery and Other Emergencies

Length: 10:22

This video serves as a guide to skid control and recovery, jackknifing, and other common emergencies. It discusses techniques for direction control, evasive steering, emergency braking, and off-road recovery.

Package: ELDT - Class B

Course: B1.3 Advanced Operating Practices

B1.3.02b - Jackknifing

Length: 4:45

Defines the scenario known as jackknifing; describes the physics of the event and describes the dangers of the event; describes and defines trailer pull; discusses the causes of both events and describes prevention techniques and emergency response techniques; defines anti-lock braking systems (ABS) and its role in each scenario.

Package: ELDT - Class B

Course: B1.3 Advanced Operating Practices

B1.3.02c - Rollovers

Length: 5:37

This video discusses the causes and best practices for prevention of a rollover event. It discusses cargo securement, load limit, and correct driving habits that all help prevent rollovers.

Package: ELDT - Class B

Course: B1.3 Advanced Operating Practices

B1.3.03 - Railroad-Highway Grade Crossings

Length: 4:15

This video explains proper procedures for crossing railroad crossings; demonstrates the importance of observing railroad crossings; emphasizes the dangers of ignoring railroad markings and of stopping on railroad tracks.

Package: ELDT - Class B

Course: B1.3 Advanced Operating Practices

B1.4 VEHICLE SYSTEMS AND REPORTING MALFUNCTIONS

B1.4.01 - Identification and Diagnosis of Malfunctions

Length: 12:04

This video covers the concepts of maintenance, diagnosing malfunctions, and the legal requirements for a roadworthy vehicle.

Package: ELDT - Class B

Course: B1.4 Vehicle Systems and Reporting Malfunctions

B1.4.02a - Roadside Inspections

Length: 6:24

This video discusses the proper conduct for a roadside inspection while touching on the types of materials a driver will need ready, including ELD information.

Package: ELDT - Class B

Course: B1.4 Vehicle Systems and Reporting Malfunctions

B1.4.02b - Out-of-Service

Length: 6:06

This video covers the definition of Out-of-Service, reasons why a driver or vehicle could be placed Out-of-Service, penalties for operating while Out-of-Service, and how to resolve being placed Out-of-Service.

Package: ELDT - Class B

Course: B1.4 Vehicle Systems and Reporting Malfunctions

B1.4.03 - Maintenance

Length: 7:33

This video provides guidance on performing preventative maintenance as well as basic servicing and checking procedures for various engine and vehicle components. It also discusses common simple repairs drivers should be equipped to handle.

Package: ELDT - Class B

Course: B1.4 Vehicle Systems and Reporting Malfunctions

B1.5 NON-DRIVING ACTIVITIES

B1.5.01a - Handling and Documenting Cargo

Length: 7:34

This video covers weight distribution, cargo securement, theft prevention, cargo covering, safe and efficient loading and unloading of cargo, and handling hazardous materials.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.01b - Cargo Securement

Length: 8:13

When moving cargo over the road it's important to ensure the safety of yourself, others, and the cargo itself. Improperly secured cargo can create various issues, so this video covers FMCSA regulations about cargo securement, your responsibilities, performance criteria, securement devices and requirements, and proper tie-down use.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.02 - Environmental Compliance Issues

Length: 6:34

This video reviews common environmental hazards related to CMV operation, the regulations that apply to environmental compliance, and specifically discusses, air and noise pollution, maintenance, and hazardous materials issues.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.03a - Hours of Service Requirements - Introduction

Length: 2:37

This video introduces and discusses who must comply with hours of service regulations.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.03b - Hours of Service Requirements - 14 Hour Window / 11 Hour Limit / 60-70 Hour Duty Limit

Length: 3:28

The three maximum duty limits under the hours of service regulations for commercial motor vehicle operators are discussed in detail.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.03c - Hours of Service Requirements - The Thirty Minute Break & 34 Hour Restart

Length: 2:07

The thirty-minute break and 34-hour restart rules of the hours of service regulations are explained.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.03d - Hours of Service Requirements - On-Duty Time / Travel Time / Off-Duty Time

Length: 3:36

This video details the differences between on-duty, off-duty, and travel time according to FMCSA hours of service regulations.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.03e - Hours of Service Requirements - The Sleeper Berth Provision

Length: 5:04

This video covers the nuances of using the sleeper berth to serve required hours off-duty while on the road.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.03f - Hours of Service Requirements - The Driver's Daily Log Book

Length: 4:06

Even if drivers utilize the updated ELD method of tracking hours of service, it's important for them to know how to fill out daily logs. Some circumstances may require it. So, this video covers the details on what a logbook looks like, what information it requires, how to record this information properly, as well as how long to keep logs and where.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.03g - Hours of Service Requirements - Electronic Logging Devices

Length: 4:25

This section of the hours of service training module teaches how ELDs work, who must use them, and why they are an improvement on how drivers track their hours.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.03h - Hours of Service Requirements - Exemptions/Exceptions

Length: 2:57

There are driving situations where hours of service may not apply or may function a little differently. In this final section of the HOS training module some of these exceptions and their corresponding rules are discussed.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.04a - Fatigue and Wellness Awareness

Length: 4:39

Getting proper rest is crucial to safety on the road. Part one of this training module covers the importance of sleep, details about having a sleep schedule, how health issues can affect fatigue levels, and the reality of what short-term fixes can really do for you.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.04b - Fatigue and Wellness Awareness

Length: 8:00

The human body operates on a regular 24 hour cycle of activity and rest (sleep) called circadian rhythm. When a person's normal schedule is altered due to shift changes or changing a set sleep/rest cycle, the result is a fatigued and sleepy driver. Part 2 covers changing sleep cycles and other causes that can lead to fatigue.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.05a - Post-Crash Procedures

Length: 9:07

This video teaches drivers the correct behaviors and responses to law enforcement individuals and others on scene when involved in an accident.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.05b - Triangle Placement

Length: 5:39

This video discusses the proper procedures for various triangle placement scenarios.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.06 - External Communications

Length: 10:01

This video will discuss the roadside vehicle inspection process, what to expect during this process, techniques for communicating with enforcement officials, and the impact of violating federal and state regulations on driver and motor carrier records.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.07a - Whistleblower Protection

Length: 7:15

This video give specific information and instructions regarding your rights as a whistleblower, the whistleblower laws enforced by OSHA, unfavorable personnel actions, filing a complaint, how OSHA determines retaliation has taken place, limited protection for employees who refuse to work, whistleblower protections in the transportation industry and protections for voicing environmental concerns.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.07b - Coercion

Length: 5:55

This video discusses the Driver Coercion Rule and how it applies to drivers. Know your rights and protect yourself.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.08 - Trip Planning

Length: 6:15

Route management and trip planning are essential for drivers who want to cut costs, improve customer service, increase business productivity, and increase safety.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.09 - Drugs/Alcohol

Length: 8:25

This video will cover basic rules on alcohol and controlled substances, types of required tests, access to records, and the consequences for operating a CMV under the influence.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.10a - Medical Requirements

Length: 4:09

This video discusses the specific requirements that must be met during a Department of Transportation CMV medical exam.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.10b - Persons Who Must Be Medically Examined and Certified

Length: 1:00

Certain medical factors may cause a persons disqualification from operating a CMV. This tool outlines these factors.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.10c - General Qualifications

Length: 1:00

The information contained in this material covers the qualifications to drive a commercial motor vehicle.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.10d - Physical Qualifications for Drivers

Length: 1:00

This tool provides details on persons who qualify for a medical examiners certificate by virtue of having obtained a medical variance from FMCSA in the form of an exemption letter or skill performance evaluation certificate.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

B1.5.10e - Alternative Physical Qualification Standards

Length: 1:00

A person who is not physically qualified to drive under 391.41(b)(1) or (b)(2) and who is otherwise qualified to drive a commercial motor vehicle, may drive a CMV if the Division Administrator, FMCSA, has granted a Skill Performance Evaluation (SPE) Certificate to that person. Included in this tool is the rules and regulations pertaining to this exception.

Package: ELDT - Class B

Course: B1.5 Non-Driving Activities

**ENDORSEMENT
CONTENT**

C1.01 - Post Crash Procedures

Length: 12:10

This video discusses the importance of post-crash procedures including brake failure, tire failure, bus fires, how to utilize a fire extinguisher, crash information, and post-crash testing.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.02 - Other Emergency Procedures

Length: 13:58

This video covers the steps and procedures to follow during emergency situations. You will learn how to properly handle fires, hijack or hostage situations, extreme weather, illness, and other security concerns.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.03 - Vehicle Orientation

Length: 15:19

This video covers basic operations of a CMV. You will learn the aspects and characteristics of a passenger bus, mirror adjustments, seat adjustments, blind spots, steering, and an overview of the systems such as engine, drivetrain, exhaust, and brakes.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.04a - Pre-Trip, Enroute, and Post-Trip Inspection - Part 1

Length: 16:25

In this video you will learn the proper techniques for performing a pre-trip inspection. You will learn how to inspect exits, interior/exterior, safety belts, brakes, and more.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.04b - Pre-Trip, Enroute, and Post-Trip Inspection - Part 2

Length: 5:13

This video covers the importance of a post-trip inspection. Each step listed is critical for safe operations.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.05 - Fueling

Length: 2:49

This video discusses proper fueling for buses. You will learn the importance of not refueling in enclosed environments, as well as, not refueling while riders are on board.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.06 - Idling

Length: 3:45

In this video we will cover idling and why it is important to reduce idling. State and local laws may differ so make sure you are aware of the laws for the state that you are operating in.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.07 - Baggage and Cargo Management

Length: 14:55

This video will discuss baggage and cargo management. It will detail handling and securing passenger baggage, weight limitations, identifying and screening prohibited items, hazardous materials, and Americans with disabilities.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.08 - Passenger Safety Awareness Briefing

Length: 4:58

This video covers passenger safety awareness, when to provide safety briefings, and safety briefs. Giving these briefings to your passengers is necessary for safety.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.09 - Passenger Management

Length: 8:07

This video discusses passenger management, with a focus on the loading and unloading process. It also provides advice on how to deal with disruptive passengers.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.10 - Americans With Disabilities Act (ADA) Compliance

Length: 21:22

This video will teach driver-trainees the applicable regulations and proper procedures for engaging persons with disabilities or special needs under the Americans with Disabilities Act.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.11 - Hours of Service (HOS) Requirements

Length: 18:07

This video teaches drivers the Hours of Service (HOS) regulations that apply to drivers for passenger carrying commercial motor vehicles.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.12 - Safety Belt Safety

Length: 3:55

This video discussed the regulatory requirements for safety belts in regard to CMV drivers and passengers set forth by the FMCSA. It also discusses the proper way to use a safety belt.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.13 - Distracted Driving

Length: 5:49

This video discusses FMCSA regulations around distracted driving, specifically in regard to hand-held mobile phones. It also details the consequences of such violations.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.14 - Railroad (RR)-Highway Grade Crossing and Drawbridges

Length: 8:07

This video teaches the regulations, techniques, and procedures for navigating railroad-highway grade crossings and drawbridges appropriate to passenger buses.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.15 - Weigh Stations

Length: 4:22

This video discusses weigh-station regulations that apply to passenger carrier vehicles and information on weigh station's purpose.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.16 - Security and Crime

Length: 6:09

This video covers the basic techniques for recognizing and minimizing risks from criminal activities. It covers how one should screen their passengers for security concerns and the utilization of onboard technologies can also provide an extra level of safety.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.17 - Roadside Inspections

Length: 17:07

This video teaches drivers what to expect during a standard roadside inspection. It also discusses out-of-service (OOS) violations as well as the penalties involved in ignoring an OOS order.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

C1.18 - Penalties and Fines

Length: 4:07

This video discusses the seriousness of traffic violations and the consequences that they come with. It also details the pre-employment screening program.

Package: ELDT - P Endorsement

Course: ELDT - P Endorsement

D1.01 - Danger Zones and use of Mirrors

Length: 7:42

This video discusses proper mirror management, the danger zone, and details the 7 mirror system.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.02a - Loading and Unloading

Length: 7:52

In this video we will cover the danger zone, loading and unloading procedures, and procedures for students waiting for, boarding, and disembarking the bus.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.02b - Loading and Unloading - Stop Arm Safety

Length: 5:16

This video discusses general safety rules for the school bus stop arm. It details the primary function of the stop arm as well as its proper use and maintenance. It also discusses what to watch out for and how to identify dangerous situations.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.03a - Vehicle Orientation

Length: 8:27

This video covers topics such as physical characteristics of school buses, interior and exterior orientation, and seat and mirror adjustments. Being familiar with your buses orientation and features can help prepare you to make the correct and safest decisions when operating your bus.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.03b - Vehicle Orientation - Lights

Length: 7:58

Viewers will learn the meaning, use, and location of all lights on a school bus. Special use cases are also covered.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.04 - Post Crash Procedures

Length: 5:51

Discussed in this training video are the possible types of incidents you may face while operating a school bus and how to prevent them. Also covered is appropriate evacuation protocol and suggested procedures for coping with incidents.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.05 - Emergency Exit and Evacuation

Length: 7:18

This video covers situations where evacuations are necessary, how to communicate with students during this time, proper evacuation techniques, and how to evacuate students with special needs. Be ready to make the decisions that count in times of emergency.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.06 - Railroad-Highway Grade Crossings

Length: 13:13

This video discusses the dangers trains pose to school buses. You should never try to beat a train or change gears over tracks. You should also evacuate immediately if stalled on a track.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.07 - Student Management

Length: 7:40

This video discusses how to handle student behavior issues on the school bus including multiple techniques, and tips on how to handle serious behavior problems.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.08a - Special Safety Considerations - Driving in High Winds

Length: 6:49

This video discusses the dangers of driving in high winds, what a driver can do to prepare or defend against high winds, and best practices for making sure students arrive at their destination safely.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.08b - Special Safety Considerations - Tail Swing and Side Swipe

Length: 7:43

In this video we will discuss tail swing and side swipe collisions and the dangers a school bus driver will face when executing turns and lane changes.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.01 - Danger Zones and use of Mirrors

Length: 7:42

This video discusses proper mirror management, the danger zone, and details the 7 mirror system.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.02a - Loading and Unloading

Length: 7:52

In this video we will cover the danger zone, loading and unloading procedures, and procedures for students waiting for, boarding, and disembarking the bus.

Package: ELDT - S Endorsement

Course: ELDT - S Endorsement

D1.02b - Loading and Unloading - Stop Arm Safety

Length: 5:16

This video discusses general safety rules for the school bus stop arm. It details the primary function of the stop arm as well as its proper use and maintenance. It also discusses what to watch out for and how to identify dangerous situations.

Package: ELDT - S Endorsement
